CERTIFICATES

.NET Core Trainee | Route Academy

June 2024 – December 2024

- Route .NET Core Certificate

React.js & Node.js Trainee | DEPI

June 2024 – October 2024

- DEPI React.js Certificate

PROJECTS

AsklyAI | Full-Stack AI Agent

February 2025

- Developed a personalized chatbot that adapts responses based on user-defined traits.
- Built a dynamic, user-friendly interface using **Next.js** styled with **Tailwind CSS**, **DaisyUI**, and **HeroUI**.
- Implemented secure authentication with **Clerk**.
- Leveraged **GraphQL** with **Apollo** and **Prisma** for efficient data management and API handling.
- Integrated AI capabilities with OpenAI for intelligent, context-aware responses.**

Term Tracker | Full-Stack Academic Management Application

March 2025

- Built a platform to track subjects with Next.js, Tailwind CSS, and shadcn/ui.
- Implemented secure authentication using **jose** and type-safe database access with **Prisma**.
- Used **Next.js server actions** for data querying and mutations.
- Integrated markdown editor for rich content creation and **Tanstack React Table** for data display.

ProShop | Full-Stack E-Commerce

October 2024

- Built a full-stack e-commerce platform using **React.js** for the frontend and **Node.js/Express** for the backend.
- Implemented **MongoDB** for data storage, enabling efficient product and user management.
- Improved core features such as product browsing, user authentication, and order management.
- Designed and enhanced an admin dashboard for managing products, users, and orders.
- Integrated payment functionality with **Stripe** for secure transaction processing.
